“Students. They are my favorite thing about Truman.”

If you ask Rachael Candee what she likes about Truman, she would say…

“Students. They are my favorite thing about Truman. Truman students are here for the right reasons…to get a quality education and to attain the skills necessary to become successful after graduation. Every year when tuition increases, I realize how vital my scholarship is to my success. Like other students from Iowa, I probably could not afford Truman if I did not have a scholarship. When donors fund the Iowa Alumni Chapter Scholarship, they are giving students the opportunity to make their own decisions about their education, allowing them to choose a great school and not just one they have enough money to attend. I want future generations of Iowans to have the ‘Truman experience.’”

We invite you to support an Iowa student for a day with a pledge of $105 to the Iowa Alumni Chapter Scholarship. By supporting the Scholarship you are giving students, like Rachael, the opportunity to have the “Truman experience.”
